

Burn Unit – Privacy Policy

Effective Date: November 18, 2025

Mechanic LLC (“we”, “us”, or “our”) operates the Burn Unit web app (“Burn Unit”) for entertainment purposes only. This Privacy Policy explains what data we do and do not collect when you use Burn Unit, and how we handle it.

1. What We Do Collect

We use basic, anonymized analytics (such as page views and session duration) to understand overall usage patterns. This information does not identify you personally.

2. What We Do NOT Collect

- We do **not** collect or store any personal information.
- We do **not** save the images, names, or roast text you submit.
- We do **not** use cookies for advertising or tracking.
- We do **not** sell, rent, or share any user data.

3. Third-Party Services

We may use third-party analytics tools (e.g. Vercel, Plausible, or Cloudflare logs) to help us understand general app performance and traffic, but these do not track or collect personal user data.

4. Children’s Privacy

Burn Unit is intended for users aged 13 and older. We do not knowingly collect data from anyone under the age of 13. If you’re a parent or guardian and believe your child has used the app inappropriately, contact us at [your email].

5. Data Security

Because we do not collect or store personal information or uploaded content, there is no personal data to protect — but we still follow best practices in securing our infrastructure and any analytics tools we use.

6. Updates to This Policy

This Privacy Policy may be updated from time to time. The “Effective Date” at the top will always reflect the latest version.
